

Resource efficiency, Innovation, Sustainability

4th ÖKOINDUSTRIA

International Environmental Industry, Energy Efficiency and Renewable Energy Exhibition

Date: 14-16 October, 2015
Venue: Millenáris, Budapest
(Address: Kis Rókus u. 16-20 1024 Budapest. Hungary)

2015

Resource efficiency, Innovation, Sustainability

The Association of Environmental Enterprises organises the 4th ÖKOINDUSTRIA 2015 International Environmental Industry, Energy Efficiency and Renewable Energy Exhibition.

In period of the series of ÖKOINDUSTRIA Exhibition the Hungarian Economy performed the highest GDP growth as 3,6 % in the year 2014. This ranks Hungary in the first part of the list. The other countries in the region have also realised economic growth indicated by GDP. Most of the economic sectors performed higher investment rate in 2014 compared to the previous year.

The environment industry is prepared to meet the challenges of the higher growth of the producing sectors. The ÖKOINDUSTRIA 2015 Exhibition is a significant environmental industry event in Centre and Eastern Europe with a wide range of professional events and international networking possibilities and special opportunity to show innovative environmental technologies and services, moreover it provides forum for information exchange, technology transfer and business cooperation

The patron of the event is Dr László Szabó, deputy minister of Ministry of Foreign Affairs and Trade of Hungary.

The series of accompanying high level professional conferences cover almost all environmental issues, which raise attention of a wide range of environmental stakeholders. The ECO-Café provides convenient social area for company presentations, B2B talks and for professional debates.

We very much look forward to your participation on the ÖKOINDUSTRIA 2015 Exhibition.

20 minutes presentation as non-exhibitor: HUF 50.000 + 27 % VAT

Deadline of registration: October 2015

Advertising the showed equipment for FREE

This year we provide the exhibitors with a special offer again. We would like to organise a very visible and tangible environmental exhibition to show the new results of the development of the environmental industry.

Those companies, which exhibit environmental machines, equipment, environmental friendly cars or renewable energy sources applying tools on more than 2m², are invited to advertise in the Catalogue of the 4th ÖKOINDUSTRIA for free of charge. We will upload these advertisements to the ÖKONDUSTRIA website, too.

For registration please provide us with a photo and a short description of the equipment, etc.

Registration deadline: 30 August 2015

Organisation of B2B meeting

We would like to improve the results of the exhibitions, at ÖKOINDUSTRIA 2015 we would like to pre-organize meetings for the exhibitors.

In the framework of the service the KSZGYSZ undertakes to organise partners of defined profiles during the days of the ÖKOINDUSTRIA. Prices:

- organisation of 1-5 negotiations, partners 20.000 Ft+ VAT
- organisation of 6-10 negotiations, partners 40.000 Ft+ VAT
- organisation of 11-15 negotiations, partners 60.000 Ft +VAT.

More information: kszgysz@kszgysz.hu

Registration deadline: 15 September 2015

ÖKOINDUSTRIA Awards

The purpose of establishing the awards was to recognise the Product, produced by an innovative state-of-the-art technology, the Service, which meets the principles of sustainable development, which innovations lead to significant reduction and even prevention of environmental pollution.

The exhibitors of the ÖKOINDUSTRIA International Environmental Industry Exhibition can apply for the awards. The ÖKOINDUSTRIA AWARD is launched in two categories: Product and Service.

Product: The new production technology produces the Product in large volume, which meets regular needs, produces less waste, emission free technology considering the whole lifecycle of the Product. In terms of emissions and the amount of waste produced of the innovative and the traditional technology are to be compared.

Service: The application of the innovative and environment friendly services can reduce significantly the amount of harmful emission.

The Awarding Ceremony will be organised right after the opening of the ÖKOINDUSTRIA 2015 on 14 October.

Please send the relating entry form by E-mail to kszgysz@kszgysz.hu

The deadline of application is 30 August 2015
